

Student members of MoMs honored by the WNY Board of Education

On Wednesday, Dec. 9, the West New York Board of Education honored the Memorial High School student members of the youth group My Outreach Mission (MoM) with the school district's Above and Beyond Award during the monthly board meeting.

The youth group, which currently has approximately 200 members, were recognized last month by the Bergen County United Way Housing for relocating 22 homeless NJ residents into permanent homes. In addition, the youth group is active with several philanthropic missions throughout the year. Most recently they volunteered at the Bowery Mission Transitional Center in New York City on Thanksgiving, and several students will be volunteering in Haiti in the coming spring.

The WNY Board of Education honored the MoMs youth group with an Above and Beyond Award, as well as individual recognitions for the groups student officers.
