

WNY School Board receives safety grant for repairs to No. 1 School

At the New Jersey School Boards Association Insurance Group (NJSBAIG) regional sub fund meeting on Oct. 1st, the West New York Board of Education was awarded a safety grant in the amount of \$14,462.03. The grant rewards the district for its commitment to risk management and must be used to invest in further safety and security-related improvements within the district.

Business Administrator Rena Hendrick was in attendance and accepted the grant check on behalf of the board. The grant money will be used to replace new safety glass in the Public School No. 1 Annex Bridge, as well as refurbish the front doors and staircase.

NJSBAIG established the Safety Grant program this year to help member districts reduce their loss exposure and insurance costs through proactive risk management. The West New York Board of Education was one of 32 districts presented with a grant check at the North Jersey Educational Insurance Fund (NJEIF) meeting. In total, NJSBAIG is awarding \$3 million in safety grants to member districts across the state.
