

Elementary Math Competition

The fifth grade District Math Competition took place at the Middle School on May 24th. Fifth grade teams from all six elementary buildings competed in a quiz bowl style math competition. After a preliminary round that pitted two schools against each other, three schools remained to compete in the trophy round. The results of the 5th grade competition were:

First Place: PS #2

Second Place: PS #4

Third Place: PS #5

The sixth grade District Math Competition took place at the Middle School on May 25th. Sixth grade teams from all six elementary buildings competed in a quiz bowl style math competition. After a preliminary round that pitted two schools against each other, three schools remained to compete in the trophy round. The results of the 6th grade competition were:

First place: PS #5

Second Place: PS #2

Third Place: PS #4

Congratulations to all winning teams!
