

West New York Schools Honor Veterans

On November 11th and 12th, the West New York Schools took part in the tradition of honoring those who have served our nation with special Veteran's Day Assemblies. The honorable Mayor of West New York, Silverio Vega, and the Superintendent of Schools, John Fauta (retired Marine), visited many of the schools to speak about the significance of this special holiday. We were also honored to have West Point Graduates, Capt. Jaime San Juan, Capt. Javier San Juan (graduates from P.S. #1) and Lieut. Renee San Juan visit our schools to address the students.
