### Thanksgiving Celebration: From our table to yours

## 'MMMMM good soup!

The students of West New York's Early Childhood Center contributed a delicious and healthy vegetable soup for their Thanksgiving Day lunch on Wednesday, Nov. 26.

They learned about all the different kinds of vegetables and seasonings that go inside the soup, and even prepared some of the ingredients first hand.

Carefully cutting some celery using a plastic knife under the supervision of the teacher and classroom aides

Mrs. Susan Warshaw showing her classroom a piece of dill and teaching them how it flavors their soup

Adding dry seasonings will give the special finishing touch to the soup

Just add water and stir. Viola, soups on!
