### 9100- PUBLIC RELATIONS

The Board of Education believes that school district community relations is not solely an information program, but encompasses all aspects of the schools' relationship with the total community.

The Board of Education believes its school-community relations program should:

- A. Promote public interest and participation in the operation of the school system;
- B. Gather information about public attitudes toward the school system, its programs and report them to the Superintendent and the Board;
- C. Provide an honest, continuous, yet comprehensive flow of information about the policies, procedures, programs, any problems that may arise, together with the progress of the school system both to the community and the staff;
- D. Develop the most effective means of communication with the school systems' public and use available media as appropriate;
- E. Develop programs in the schools that would integrate home, school and community to meet the needs of district pupils;
- F. Develop and maintain the confidence of the community in both the school Board and the school staff;
- G. Develop a climate that attracts good teachers and encourages staff to strive for excellence in its education program;
- H. Anticipate and forestall problems that are brought about by lack of communication and understanding; and
- I. Evaluate past procedures to determine how to make improvements in future communications.

The Superintendent shall be responsible for developing programs, techniques and channels for implementing this policy.

### 9120- PUBLIC RELATIONS PROGRAM

#### M

The Board of Education believes all reasonable means should be employed to keep the community served by the school district informed on matters of importance regarding district programs, finances, personnel, policies, and operations.

The Board will determine which of its official actions have sufficient community impact and interest to warrant special release; the Board alone will release to the news media information about those matters of importance. The Board President may release information regarding Board actions of lesser importance as they have been recorded in the minutes of the Board meetings and upon the request of media representatives. The release of all other publications, photographs, and documents depicting the accomplishments of the pupils and staff of the district shall be approved by the Superintendent of Schools or designee.

The school district will not release or publish photographs or release other personal identifying information of an individual district pupil without the prior written permission of the parent(s) or legal guardian(s) or from the adult pupil. Written permission slips for such release from each parent(s) or legal guardian(s) or adult pupil will be obtained by the Principal or designee for the pupils in their school building or by the Program Administrator for pupils in programs where a Principal is not assigned. These written permission forms shall be maintained by the Principal or Program Administrator. Group photographs, other than class pictures, may be released by the district without permission, but in no event will an individual pupil in a group photograph be identified by name and/or by other personal identifier without written permission from the parent(s) or legal guardian(s) or adult pupil.

The Superintendent of Schools shall direct an information program designed to acquaint residents of the community and the public generally with the achievements and the needs of the schools. As a minimum, information shall be disseminated regarding the district's educational goals; the district's guarantee of equal educational opportunity; the district's programs for basic skills improvement, special education, bilingual education, and English as a second language; and summary reports of the administration of statewide assessment tests. Every effort shall be made to foresee and avoid problems caused by misunderstanding or lack of information.

The public information program may include the publication and distribution of a district newsletter, meetings with parent(s) or legal guardian(s) and interested residents, a presentation and interpretation of the proposed annual budget, periodically distributed calendars and notices of events, the Superintendent's annual report, and a pupil handbook, as well as the release of news and photographs of school activities for publication. Notices, publications, and other written materials may be prepared in languages other than English when necessary and appropriate for understanding.

The Board of Education adopts the following strategies to minimize the cost of public relations as defined in N.J.A.C. 6A:23A-9.3(c)14 in accordance with N.J.A.C. 6A:23A-5.2.

School district publications shall be produced and distributed in the most cost-efficient manner possible that will enable the school district to inform and educate the target community. The use of expensive materials or production techniques where lower cost methods are available and appropriate, such as the use of multi-color glossy publications instead of suitable, less expensive alternatives, is prohibited.

The school district will not distribute, via mass mailings or other means to the district community at large, publications that include the picture(s) of any members of the Board of Education within ninety days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district. Any publication(s) distributed by the Board via mass mailings or other means to the district community at large within sixty days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district must be submitted to the Executive County Superintendent for review prior to distribution to ensure that the public funds are being expended in a reasonable and cost-effective manner.

Public relations activities, such as booths at Statewide conferences, marketing activities and celebrations for opening schools and community events, and TV productions that are not part of the instructional program or do not provide information about district or Board operations to the public, that are excessive in nature are prohibited. All activities involving promotional efforts to advance a particular position on school elections or any referenda are prohibited.

Nothing in N.J.A.C. 6A:23A-5.2 and this Policy shall preclude the school district from accepting donations or volunteer services from community members, local private education foundations and local business owners to conduct or assist in public relations services. Examples include, but are not limited to: providing school district flyers, newsletters, or other materials containing school-related information of public concern to local businesses, public meeting places, or other local organizations to display or make available for dissemination; making school district related information of public concern available to local newspapers to publish related articles; and utilizing volunteered services of local community members, district employees, members of parent organizations or local businesses with expertise in related areas such as printing, advertising, publishing, or journalism.

The Board of Education will establish annually prior to budget preparation, a maximum dollar limit for public relations, as defined in N.J.A.C. 6A:23A-9.3(c)14. In the event it becomes necessary to exceed the established maximum dollar limit for public relations, the Superintendent of Schools shall recommend to the Board of Education an increase in the maximum dollar amount for public relations. Any increase in the maximum dollar amount shall require formal Board action.

9130. PUBLIC COMPLAINTS AND GRIEVANCES

Date Created: June, 2008

Date Edited: June, 2008

### 9130- PUBLIC COMPLAINTS AND GRIEVANCES

Any person or group having a legitimate interest in the schools of this district may present a request, suggestion, or complaint concerning district personnel, the educational program, instructional or resource materials, or the operations of the district. The Board directs the establishment of procedures for the hearing and settlement of requests and complaints that provide a means for resolving them fairly and impartially, permit appropriate redress, and protect district personnel from unnecessary harassment.

When a Board member is confronted with an issue, he/she will withhold comment, commitment and/or opinion and refer the complaint or inquiry to the Superintendent, who shall review the complaint according to established procedures.

Only in those cases where satisfactory adjustment cannot be made by the Superintendent and the staff shall communications and complaints be referred to the Board for resolution.

Any misunderstandings or disputes between the public and school district staff should, whenever possible, be settled by direct, informal discussions among the interested parties. It is only when such informal meetings fail to resolve differences that more formal procedures shall be employed. A complaint about a school program or personnel should be addressed to the Building Principal; a complaint about instructional or resource materials should be addressed to the Superintendent.

The Superintendent shall establish procedures for the hearing of requests and complaints regarding district personnel, the educational program, instructional and resource materials, and the operation of the school district. Procedures will be governed by the following guidelines:

1. The matter will be resolved initially, wherever possible, by informal discussions between or among the interested parties.
2. A matter that cannot be resolved informally may be appealed at successive levels of authority, up to and including the Board of Education.
3. The complaint and its immediate resolution will be reduced to writing at the first and at each successive level of appeal.
4. A reasonable period of time, not to exceed five working days, will be permitted for the filing of an appeal in writing at each successive level. A decision at each level of appeal must be rendered in writing no later than seven working days after the appeal is filed, except that the Board shall have thirty calendar days to make its decision.
5. In the case of complaints about instructional or resource materials, the initial complaint must set forth in writing the author, title, and publisher of the materials as well as those specific portions of the material or the work to which

objection is taken; the complainant's familiarity with the work; the reasons for the objection; and the use of the work in the schools. The Superintendent shall appoint a committee of professional staff members and community representatives to review the challenged material against the standards for the selection of resource materials established by Board policy. The committee will report its findings to the Board. No challenged material may be removed from the curriculum or from a collection of resource materials except by action of the Board of Education, and no challenged material may be removed solely because it presents ideas that may be unpopular or offensive to some. Any Board action to remove material will be accompanied by the Board's statement of its reasons for the removal.

6. A complainant shall be notified that a decision of the Board may be appealed to the Commissioner of Education.

### 9150- SCHOOL VISITORS

The Board of Education welcomes and encourages visits to school by parent(s) or legal guardian(s), other adult residents of the community, and interested educators. In order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, the Board directs the enforcement of rules governing school visits.

The Superintendent and Building Principal each possess the authority to prohibit the entry of any person into a school of this district or to expel any person from the school when there is reason to believe the presence of such person would be inimical to the good order of the school. If such a person refuses to leave the school grounds or creates a disturbance, the Principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Visitors shall be required to register their presence in the school. No staff member shall transact business with or permit the continuing presence in the school of a visitor who has not been duly registered.

No visitor may confer with a pupil in school without the approval of the Principal; any such conference may take place only in the presence of a teaching staff member and/or administrator.

When a court of appropriate jurisdiction has terminated the parental rights of a parent, the legal guardian must inform the school so that the administration may apply appropriate regulations. The Principal shall seek confirmation of legal custodianship where necessary.

The Superintendent shall develop regulations that will protect pupils and employees of the district from disruption to the educational program and the efficient conduct of their assigned tasks.

### 9200- COOPERATION BETWEEN PARENTS AND SCHOOL

The Board of Education believes that the education of children is a joint responsibility that the Board shares with the parent(s) or legal guardian(s) of pupils. To ensure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained.

It is the position of the Board that parent(s) or legal guardian(s) bear the ultimate responsibility for their children's in-school behavior, including the behavior of pupils who have reached the legal age of majority, but are still for all practical purposes under parental authority.

The Board directs that cooperation be encouraged by parent-teacher conferences that permit two-way communication between home and school; open houses in district schools that provide parent(s) or legal guardian(s) with the opportunity to see the school facilities, meet the faculty, and observe the program on a first hand basis; meetings of staff members and groups of the parent(s) or legal guardian(s) of those pupils having special abilities, needs, or problems; and special events of a cultural, ethnic, or topical nature, which are initiated by parent groups, involve the cooperative effort of pupils and parent(s) or legal guardian(s), and are of general interest to the schools or community.

Such organizations may not establish educational policy, participate in the administration of the school, or authorize management and direction of school affairs.

Such organizations shall have as their objectives the promotion of pupil welfare; the development of close relationships between the home and the school; and the development between educators and the public of such united efforts as will secure for every pupil in the schools the best kind of educational program possible.

Organizations shall not use the district's name in their titles without the Board's express consent. Such permission to use the district's name does not constitute permission to act as the district's representative.

The Board shall make it a practice not to interfere in the internal workings of such groups.

### 9230- PARENTAL RESPONSIBILITIES

The Board believes that the education of children is a joint responsibility, one it shares with the parent(s) or legal guardian(s) and the school community. To ensure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained and parental involvement in district concerns encouraged.

The Board recognizes the vital role of parent(s) or legal guardian(s) in the welfare and education of their children and the pivotal part they play in shaping character and values. Because parent(s) or legal guardian(s) are familiar with the needs, problems, gifts and abilities of their children, staff should seek to involve parent(s) or legal guardian(s) as much as possible in the planning of the individual program. Parent(s) or legal guardian(s) must, by law, be included in the development of certain educational programs for their children.

Parent(s) or legal guardian(s) are requested to keep the school apprised of changes in factors in the home situation which may affect pupil conduct or performance. Parent(s) or legal guardian(s) are specifically requested to inform the school of any changes in legal custody of the child.

Parent(s) or legal guardian(s) are responsible for their child's punctuality, attendance, cleanliness and propriety of dress. The building administrator is responsible for informing the pupil's parent(s) or legal guardian(s) of the district's dress and conduct code. The building administrator has the authority to discipline a pupil for inappropriate dress.

9240. RIGHTS OF PARENTS  
Date Created: June, 2008  
Date Edited: June, 2008

### 9240- RIGHTS OF PARENTS

The Board of Education recognizes that the parent(s) or legal guardian(s) of each child are ultimately responsible for the care and custody of that child, and that both parent(s) or legal guardian(s) share that responsibility equally. The Board recognizes as well that, where only one parent has legal custody of a child, the rights and responsibilities of the other parent may be limited. The Board believes that the interests of the child are best served by the continuing involvement of both parents in the child's life and well-being.

The Board will presume that each natural or adoptive parent(s) or legal guardian(s) of a pupil enrolled in this district possesses full parental rights of access to the pupil and to information about the pupil, notwithstanding any separation of the parent(s) or legal guardian(s) or dissolution of their marriage. Accordingly, and in the absence of notice to the contrary, the Board directs that school administrators accommodate the needs of both parent(s) or legal guardian(s) for access to their child, to their child's teachers, and to information about their child.

Every parent, except as prohibited by federal and state law, shall have access to records and information pertaining to his/her unemancipated child, including, but not limited to, medical, dental, insurance, child care and educational records, whether or not the child resides with the parent, unless that access is found by the court to be not in the best interest of the child or the access is found by the court to be sought for the purpose of causing detriment to the other parent.

The place of residence of either parent shall not appear on any records or information released pursuant to the provisions of this section.

A child's parent(s), guardian(s) or legal custodian(s) may petition the court to have a parent's access to the records limited. If the court, after a hearing, finds that the parent's access to the record is not in the best interest of the child or that the access sought is for the purpose of causing detriment to the other parent, the court may order that access to the records be limited. Proper notice of court action consists of the custodial parent's sworn affidavit or certification supported by a copy of the pertinent portion of a legal agreement or court order that awards custody and establishes the rights and limitation of the noncustodial parent or terminates the parental rights of the noncustodial parent.

Nothing in this policy shall be construed as limiting in any way the rights of the noncustodial parent whose parental rights have not been terminated to full access to his/her child's records.

### 9260- PARENTAL LIABILITY FOR VANDALISM

The school property held in trust by this Board of Education represents a substantial investment of the taxpayers of the school district; liability for the willful and malicious destruction of that property should be borne by those directly and indirectly responsible.

The Board further believes that parent(s) or legal guardian(s) are ultimately responsible for the supervision and discipline of pupils and that the knowledge that they are vicariously liable for the acts of their children and wards will encourage parent(s) or legal guardian(s) to exercise that responsibility more vigorously.

Where any property, real or personal, owned by this Board has been willfully and maliciously damaged by any minor, whether or not the person is enrolled in this district, the Board shall bring civil action against the parent(s) or legal guardian(s) having legal custody and control of the person at the time the damage was caused, for the full amount of the damage.

### 9270- HOME SCHOOLING AND EQUIVALENT EDUCATION (M)

#### M

The Board of Education encourages the enrollment of all children of school age resident in the district in public schools or in approved private schools so that they may enjoy the benefits of a well-planned educational program and the socialization possible in a group environment.

Every parent, legal guardian or other person having custody and control of a child between the ages of six and sixteen years shall cause such child regularly to attend the public school or a day school in which there is given instruction equivalent to that provided in the public schools for children of similar grades and attainments or to receive equivalent instruction elsewhere than at school. The Board recognizes its responsibility for assuring that every child of school age resident in the district is enrolled in a public or private school or is offered an equivalent thorough and efficient education elsewhere than at school. The Board acknowledges that a parents, guardian, or other person having custody and control of a child has a constitutional right to choose the type and character of education they feel is best suited for their child(ren), be it secular or sectarian. Home schooling is an option when chosen this option will be carried out in the pupil's home rather than the school.

In the event the Superintendent determines there is credible evidence the parent, legal guardian, or other person having custody and control of a school-aged child is not causing the child to receive equivalent instruction elsewhere than at school, the Superintendent may request a letter of intent from the parent, legal guardian, or other person confirming the a child is receiving equivalent instruction elsewhere than at school. The Superintendent may report to the appropriate municipal authorities children whom he/she has reason to believe are not receiving an education in accordance with N.J.S.A. 18A:38-25.

9270. HOME SCHOOLING AND EQUIVALENT EDUCATION OUTSIDE THE SCHOOLS (M)

Date Created: June, 2008

Date Edited: April, 2016

### 9270. HOME SCHOOLING AND EQUIVALENT EDUCATION OUTSIDE THE SCHOOLS (M)

#### M

Home schooling is an educational program provided at home, usually by the parent legal guardian, or other person having custody and control of the child. Children are taught using their own curriculum or published home school curriculum. The Board of Education recognizes that home schooling is an option under the compulsory education law.

For the purpose of this Regulation, “parent” shall mean parent, legal guardian, and other person having custody and control of a child between the ages of six and sixteen.

#### A. Legal Requirement for Compulsory Attendance

1. N.J.S.A. 18A:38-25 requires all children between the ages of six to sixteen (16) years to attend the public schools or a day school in which there is given instruction equivalent to that provided in the public school for children of similar grades and attainments or to receive equivalent instruction elsewhere other than school.
2. The parent of a child that is home schooled is responsible to ensure their child receives instruction equivalent to that provided in the public school for children of similar grades and attainments or to receive equivalent instruction elsewhere other than school.
3. In the event the Superintendent determines there is credible evidence the parent, legal guardian, or other person having custody and control of a school-aged child is not causing the child to receive equivalent instruction elsewhere than at school, the Superintendent may request a letter of intent from the parent, legal guardian, or other person confirming the child is receiving equivalent instruction elsewhere than at school.
4. If the Superintendent makes a report, the parent of a pupil receiving instruction elsewhere other than school may, but is not required to, notify the Superintendent of their child’s educational program status.
5. A parent of a home schooled child is not required to seek approval from the district or to submit materials to the Superintendent in order to permit it to make a determination as to the equivalency of the instruction.
6. The New Jersey Department of Education encourages a parent to notify the Superintendent of the intent to educate the child elsewhere than at school to avoid questions with respect to compliance with the compulsory education laws.

#### B. Truancy/Violations of Compelling Attendance

1. When a Superintendent and Board believe a person is not complying with the compulsory education law (N.J.S.A. 18A:38-25 et seq.) they must initiate truancy

proceedings in municipal court where a parent may be found guilty of a disorderly persons offense and fined in accordance with N.J.S.A. 18A:38-27 and N.J.S.A. 18A:38-31.

2. If the parent is challenged in court by the Superintendent or Board, the district must demonstrate the child is not receiving an education in accordance with N.J.S.A. 18A:38-25.

C. District Requirements for Home Schooled Pupils

1. The Board is not required by law to allow a child educated elsewhere than at school to participate in the regular school curriculum or in extra-curricular or sports activities unless specifically provided in Board Policy, or required by Federal law, or State statute or administrative code.
2. A child educated at home shall not receive a State endorsed high school diploma from the Board of Education.

D. Pupils With Disabilities

1. Any written request from a parent of a home schooled child for a special education evaluation of their child will be reviewed in a meeting of the Child Study Team (CST), the parent, and the regular education teacher in accordance with the provisions of N.J.A.C. 6A:14-2.3. At this meeting, the current information about the child shall be reviewed to determine whether an evaluation is warranted.
  - a. If an evaluation is warranted, another determination shall be made regarding the assessment procedures. Written notice of the determinations shall be provided to the parent. Once the assessments are completed, a meeting in accordance with N.J.A.C. 6A:14-2.3 shall be held to determine whether the child is eligible for special education and related services.
  - b. If the child is eligible for special education and related services, the CST will determine a classification category and develop an Individualized Education Program (IEP) in accordance with N.J.A.C. 6A:14-3.7. If the child is eligible for special education and related services, the district shall make a free, appropriate public education available only if the child enrolls in the district.
  - c. The school district will notify the parent of a classified child who is being educated at home to offer services as required by law. The documentation of this notice will be maintained in the child's record file.
  - d. Any determination by the school district CST regarding the provision of a special education program to a classified child who is being educated at home may be challenged by the parent in accordance with the provisions of N.J.A.C. 6A:14 et seq.

9280. PARENT CONFERENCES  
Date Created: June, 2008  
Date Edited: June, 2008

### 9280- PARENT CONFERENCES

The Board of Education endorses the parent-teacher conference as an effective means of permitting parent(s) or legal guardian(s) and teachers to share information about pupils and the educational program in a constructive setting.

The Superintendent is directed to schedule parent-teacher conferences at such times as will permit the maximum attendance of parent(s) or legal guardian(s), including working parent(s) or legal guardian(s); to encourage the participation of parent(s) or legal guardian(s); and to provide in-service training to teachers to assist them in making most effective use of the conference.

The Board believes that the information exchanged in parent-teacher conferences can be of great importance to the pupil's ability to profit educationally; such conferences are, therefore, an essential part of the instructional program and an integral part of a teacher's professional responsibility. Accordingly, all teachers are required to attend the parent conferences scheduled for the children assigned to them. A teacher's failure to observe this policy may be cause for discipline.

The Board regards parent-teacher conferences as non-adversarial meetings in which all persons present are united in a common interest in the educational well-being of the pupil. The parent (s) or legal guardian(s) of the pupil may bring to the conference additional persons who share that interest and wish to aid the parent(s) or legal guardian(s) and the teacher. When a parent(s) or legal guardian(s) desires the representation of legal counsel at the conference, however, the Board may wish to be similarly represented. Accordingly, the parent(s) or legal guardian(s) who plans to bring legal counsel to a parent-teacher conference shall notify the school Principal of that intention no later than five working days in advance of the conference in order that the Superintendent may secure such legal representation as he/she may deem advisable.

The purposes of the parent-teacher conference are best served when all persons present share freely and candidly their knowledge of the pupil's educational progress and information relating to that progress. Any person present may make and preserve notes, for his/her benefit, of the information shared and may, if permitted, make a tape recording of the conference as an aid to memory or to share with an absent parent or legal guardian. Because the presence of the tape recorder may act to impede the free exchange necessary to an effective conference, however, either the parent(s) or legal guardian(s) or the teacher may refuse the other's request that a tape recorder be used.

9324. SEX OFFENDERS REGISTRATION AND NOTIFICATION

Date Created: June, 2008

Date Edited: June, 2008

### 9324- SEX OFFENDERS REGISTRATION AND NOTIFICATION

The Board of Education and administration will comply with the guidelines developed by the New Jersey Attorney General's Office and will work cooperatively with the County Prosecutor's Office and the West New York Police Department regarding the requirements of N.J.S.A. 2C:7-1 et seq. (Megan's Law).

The Megan's Law notification statute applies to all sex offenders who are required to register pursuant to N.J.S.A. 2C:7-1 et seq. The offenses requiring registration by persons convicted, an adjudicated delinquent or a person acquitted by reason of insanity are as indicated in New Jersey Statutes Annotated.

#### Definitions

- A. Tier One offenders encompass those that are a "low risk of re-offense", thus constituting a low risk of harm to the community. This offender is one who, because of the type of crime, the lack of violence in his/her behavior, the lack of a substantial criminal history and the existence of ties to the community presents no more than a possible risk of re-offense.
- B. Tier Two offenders encompass those who are a "moderate risk of re-offense", thus constituting a moderate risk of harm to the community in that the pertinent documents demonstrate that they are reasonably likely to re-offend, warranting limited notice for the protection of the public.
- C. Tier Three offenders encompass those who are a "high risk of re-offense" in that the available record demonstrates that there is a probable risk of re-offense, warranting notice to the community likely to encounter the offender.

The County Prosecutors Office determines the specific schools, community organizations and residences to receive notification.

The School District is automatically included on the notification list and is not required to register to be notified under Tier Two or Tier Three notifications. Where the risk of re-offense is determined by the County Prosecutor's Office to be moderate or high in accordance with the law, the County Prosecutor's Office and/or the appropriate law enforcement office will notify the Superintendent and the Principal of the targeted school(s). The Superintendent should not notify the target school(s), but may contact the Prosecutor's Office if the Superintendent thinks that a school in the notification area has been inadvertently omitted. The school district is entitled to receive the offender's name and a recent photograph, along with a physical description, the offense of which he/she was convicted, their address, place of employment and/or schooling, and vehicle license number.

The Board of Education shall take appropriate steps to educate and alert those staff members who are charged with the care and supervision of children, emphasizing that this information is

intended to assist such staff members in the protection of their charges, not to provide notification to the community at large. All sex offender notification information to the community must be released by the appropriate law enforcement agency or the County Prosecutor's Office. The school district and/or any school staff member shall keep all sex offender notification information confidential. In the event the school district is notified a pupil is a Tier One or Two sex offender, the school district will cooperate with the local law enforcement and the County Prosecutor's Office on community notification consistent with the law and guidelines of the New Jersey Attorney General's Office.

The County Prosecutor's Office will be asked to provide guidance to the school district staff members. The Board of Education, working in conjunction with the County Prosecutor's Office and/or a local law enforcement office, will hold meetings and other educational programs at a particular school for staff regarding the safeguarding of the school district's children. There will be a strong emphasis on providing pertinent information, constructive knowledge and guidance to the community, as well as advice concerning the consequences of vigilante activity.

The Building Principal of each school notified by the Prosecutor's Office will have the discretion to make the determination as to which employees within the school should be informed of the notification. The Building Principal should share the notice with any person who in the course of the duties of his/her employment or assignment is regularly in a position to observe unauthorized persons in or near the property of the notified school. If any persons to be notified by the Building Principal are employees of private contractors, the Principal or the Superintendent will notify the private vendor who will provide notice to the employees. The Principal shall only notify school appropriate district staff of Tier Two or Tier Three notifications and not to provide notification to the community at large. Guidance to the school district in providing this information to staff members will be obtainable from the County Prosecutor's Office.

Date Created: June, 2008

### 9340- COOPERATION WITH PUBLIC LIBRARY

The public library can and should play an important role in the intellectual and educational development of children attending district schools, serving them as a resource that reinforces and augments the school library in many areas and by providing services and materials that may go beyond those that the school library alone can provide.

The Board of Education encourages the effective utilization of the public library by communication and cooperation between the school and library staff. School staff members should be kept informed of new materials and services available from the public library and library staff members should be kept advised of school projects and programs that call for pupil use of the public library.

### 9400- NEWS MEDIA RELATIONS

Representatives of the local newspapers and radio and television stations are an important link in the communications chain between the school district and the community it serves. The maintenance of a good working relationship with members of the media is essential to meeting the objectives of the district's school and community relations program.

The Board of Education must give formal approval to all basic practices governing relations between news media and the district and reserves the right to negotiate, on terms most favorable to the district, for the radio broadcasting, televising, filming, or sound recording of any school event by an outside agency.

The Superintendent shall be the chief communications representative of the Board. He/she shall be readily available to media representatives, provide media representatives with all appropriate and necessary information, suggest or supply feature articles or stories, prepare "press kits," assist school and parent organizations with press relations, meet periodically with media representatives, and protect school personnel from any unnecessary demands on their time by news media representatives.

Photographs, video or digital images of disabled children shall not be disseminated or used in print or media in any way if they are identified as disabled unless permission is granted by the parent(s) or legal guardian(s). 9500. COOPERATION WITH EDUCATIONAL AGENCIES

### 9500- COOPERATION WITH EDUCATIONAL AGENCIES

The Board believes that cooperation between the schools and other organizations concerned with youth, career development and mental health will enhance the opportunities of the district's pupils. Such cooperation will also enable the district to serve its pupils better through appropriate referrals as in substance abuse programs, special needs, etc. The Superintendent is encouraged to explore areas of mutual concern with the administrative officers of such organizations and to recommend desirable courses of action.

The Board directs the Superintendent to seek and maintain working relationships with local colleges and universities in such areas as student teaching, inservice staff development and advanced placement.

It is of particular importance to establish and maintain close-working relations with trades, businesses and industries that provide members for advisory committees and are possible sources of career placements for our pupils.

#### Donations to Private Organizations

The authority for a Board of Education to expend public funds is derived from the constitutional mandate to "provide for the maintenance and support of a thorough and efficient system of free public schools." The donation of moneys to any private organization, regardless of the merits of that organization's purposes, is not within the authority of the Board and is, therefore, prohibited.

6. If an intern, or a student applying for a practicum, is not eligible to receive a substitute certificate based solely upon that person's freshman or sophomore standing at an accredited college, the Superintendent of Schools may waive the substitute certificate requirement. Notwithstanding the aforementioned waiver language, the Superintendent of Schools may continue to require fingerprinting or a criminal history background

### 9700- SPECIAL INTEREST GROUPS

The Board of Education recognizes that the contributions of persons and organizations outside the schools may from time to time take the form of materials, activities, and awards that tend to serve the interests of the contributor as well as benefit the school district generally and pupils individually.

The Board reserves the right to review all such proposed contributions and to reject those that have the primary effect of advancing the name, product, or special interest of a person, corporation, or organization; fail to meet district standards of accuracy and good taste; are of little or no educational value to pupils; make unreasonable demands upon the time and energies of staff and pupils or upon the resources of the district; interrupt or interfere with the regular school program; or involve a direct cost to the district.

The approval of the use of any material or the conduct of any activity offered by an agency outside the schools shall not under any circumstances be construed as an endorsement by this Board of any interest, cause, or organization.

Permission to solicit funds on school premises will be granted only to those persons and organizations whose purposes are consonant with the goals of this district and the interests of the community. Solicitation may not interfere with the orderly operation of the schools. The Board will not be responsible for the protection of or accounting for such funds nor may any such funds be deposited in any district account.

The Board forbids the distribution of political literature to or through the pupils of this district; further, no pupil under the jurisdiction of this Board shall be requested or directed to engage in any activity that tends to promote, favor, or oppose a candidate for political office or a public question submitted at any election.

#### Contests for Pupils

The Superintendent shall approve participation in extracurricular contests sponsored by organizations outside the schools, as long as participation does not interfere with the instructional program. ### 9720- SOLICITATIONS BY VENDORS

The Board of Education will permit vendors to solicit pupils and parent(s) or legal guardian(s) for the sale of goods and services through the schools of this district, provided that the Board has given prior approval to the vendor and to the solicitation.

The Superintendent shall review each vendor's request to solicit sales and shall recommend to the Board for its approval only those that offer a product or service that is related to the educational goals of this district and offers good value to purchasers.

Any funds collected on behalf of a vendor approved by the Board under this policy shall be kept in a separate account pending transfer to the vendor. The Board disclaims any responsibility for any such funds.

In the event that more than one vendor requests permission to solicit sales of a particular product or service, or the Superintendent seeks a vendor to provide a particular product or service to parent(s) or legal guardian(s) or pupils, the Superintendent shall seek quotations from qualified vendors in order to determine which will provide the greater value to purchasers.

The Board reserves the right to withdraw its approval of any vendor at any time.
