2nd Annual Shakespeare Renaissance Fair

On Friday, April 23, 2010, the students at Memorial High School celebrated the birthday of William Shakespeare at the **2nd Annual Shakespeare Renaissance Fair**.

Students, both male and female, participated in an array of activities including face painting, as well as, decorating crowns, tiaras and masks while viewing one of his famous works. They also created a large poster commemorating the poets' birthday which was posted in the main hallway of the high school for all to see.

Eileen Saavedra would like to thank Mr. Sanchez, Mrs. Stedman, as well as, all faculty and staff that assisted in making the days activities a huge success.

"Trading Places" Day

The FEA and Tomorrow's Teachers coordinated "Trading Places Day" so that students and teachers could switch positions for one day. Hoping the students would learn more about what teachers do behind the scenes to prepare for class and run MHS, and that students would gain an appreciation for the hard work teachers do on a daily basis. Our junior student "teachers" helped shadow a teacher/administrator for a day and helped teach classes, take attendance, administer materials, run copies, and assist in every capacity. Ms. Alfonso and Ms. Madariaga, helped prepare the junior student "teachers" before hand by reviewing their responsibilities, and setting standards for appropriate attire and behavior. The students did a great job and truly enjoyed getting a glimpse of what being a teacher is really like.
